*Everyday  
luxury*

As we  
**Move**  
*into* **2026...**

Let's remind ourselves that before the world called it Activewear, Lorna Jane imagined it. Designed it. Invented it.

What started as one woman's determination to elevate the everyday lives of women became the foundation for a new category - one that defined a legacy and reshaped the way women move, globally.

We are the original. The authentic. The innovators. Continually reimagining what comes next.

From fabric to fit, our approach to fashion is intentional, elevated and endlessly relevant. We engineer every piece with the precision of luxury design - refined silhouettes, premium fabrications and considered details that work as hard as you do.

Activewear, elevated.  
Luxury for the life you live.  
Crafted to move beautifully and empower you to step boldly into your world with confidence.

Luxury, to us, means giving you pieces you can trust - a promise of quality, performance and authenticity.

We are Lorna Jane.  
Invented in Australia.  
Worn by women everywhere.  
Leading the way, always.

# LIVING WELL

*with Dominique Elissa*

For Dom, living well is an intentional practice. It's something she's built through years of tuning into what fuels her body, steadies her mind and brings her back to herself.

Activewear, for her, is more than functional; it's a catalyst for confidence, energy and transformation.
